Introduction transcripts

Jaime: Hello, I am Jaime, and this is Buster! He is my best friend. We play every day when I get home from school, and then at night I take him out for a walk. He really likes to walk around the neighborhood and play with other dogs. Every time I get home, he hears when I take the keys out of my pocket to open the door, and he gets excited to see me, which makes me feel very happy! All of my friends say that he is very friendly, he's the best.

Amy: Hi there! I'm Amy. Do you like playing videogames? It is my favorite thing to do, and I do it every day after school after I finish my homework. Online videogames are my favorite, me and my friends like to play Fortnite. I feel bored when my friends are not online, but I understand because it is important to go out too. My friends want to play a different game this game, so I'm very excited! I hope that it is a fun videogame.

Antonella: Hi! I am Antonella. I am 12 years old. I like to go swimming, it's my favorite thing to do. I swim every Friday and Saturday. When I swim, I feel very happy, but then I feel tired because I like to swim for an hour. When I don't swim, I feel sad, but then I remember that the weekend is not far away and then I get excited again!
